LodgeX Airline Solutions Integrates with Sabre Airline Solutions®

LodgeX Airline Solutions links software with Sabre Airline Solutions® for full integration of Crew Planning and Crew Tracking software.

Minnetonka – April 20, 2009 – LodgeX Airline Solutions (www.LodgeX.com) today announces the creation of a seamless technology integration between LodgeX Airlines Solutions and Sabre Airlines Solutions® Crew Tracking and Crew Planning software enabling LodgeX to fully integrate logistics with key Sabre® Airline partners.

The integration between the LodgeX and Sabre® systems creates a seamless airline crew hotel management solution for LodgeX clients providing airlines the ability to efficiently manage hotel requirements and reduce crew hotel costs.

LodgeX now integrates airline crew management and planning systems directly with booking at the hotel and better manages layover issues for key Sabre® airline partners. “The immediate benefit to the airlines resulting from a streamlined functionality is a dramatic increase in operational efficiencies, relevant and actionable reporting and a strengthening of cost controls for LodgeX airline partners” states Rob Miller, Vice President Sales & Marketing for LodgeX Airline Solutions. “There are also the added benefits of increasing crew satisfaction through more efficient communication and significantly reducing waste and lodging expenses.”

The new association with Sabre® links the airline’s flight schedule and business processes with LodgeX Airline Solution’s travel management suite to accurately forecast lodging needs, reserve hotels, consolidate and audit billing and make reservation adjustments due to schedule interruptions. This integrated solution is being implemented with Atlantic Southeast Airlines, a subsidiary of SkyWest Inc. and will be available to other Sabre airline partners in the 3rd quarter of 2009.

About LodgeX Airline Solutions:

LodgeX Airline Solutions (www.LodgeX.com) is an outsourced lodging service specifically tailored to the needs of airlines. LodgeX Airline Solutions is a service provided by the LJK Companies, Inc.
