LodgeX™ Airline Solutions renews contract with SkyWest Airlines and Atlantic Southeast Airlines.

Airlines looking forward to 3 more years of continued savings on lodging and administration.

Minnetonka, MN – August 11, 2010 – After achieving two years of substantial lodging and administrative savings with LodgeX Airline Solutions (www.LodgeX.com), SkyWest Airlines and Atlantic Southeast Airlines signed a new agreement that continues the relationship through 2013.

For the past two years, LodgeX has worked closely with SkyWest and Atlantic Southeast Airlines to reduce expenses without affecting airline services, by accurately forecasting lodging needs, negotiating lower room rates, ensuring hotel reservations during schedule disruptions, and auditing and consolidating billing.

Recently, LodgeX ushered in a new era of convenience and savings for Atlantic Southeast Airlines by providing seamless and automated crew scheduling and updates via real-time, two-way systems integration with Sabre® CrewTrac.

According to Sonya Wolford, Vice President InFlight Operations at SkyWest Airlines, renewing the contract with LodgeX was the right decision. “The efficiencies and personal attention we receive from our LodgeX Account Managers, along with services tailored to our needs, has saved us countless hours and significantly reduced our lodging related costs.

Troy Salwei, Vice President of Airline Operations at LodgeX Airline Solutions says, “We’re proud of what we’ve achieved for SkyWest and Atlantic Southeast Airlines during the past two years, and we’re looking forward to giving them even better service as we continue to expand our software capabilities this fall.”

About LodgeX Airline Solutions:
